PROFESSIONAL SUMMARY

Mid–Senior Frontend Web Developer with solid experience building and maintaining responsive, user-centric web applications using **JavaScript, React, HTML, and CSS**. Experienced in translating UI/UX designs into scalable frontend solutions, integrating REST APIs, and improving application performance and maintainability. Comfortable owning features end-to-end while collaborating closely with designers, backend engineers, and product teams.

CORE SKILLS

Frontend Development

- JavaScript (ES6+), HTML5, CSS3

- React.js (functional components, hooks, state handling)

- Responsive and Mobile-First Design

- Cross-Browser Compatibility

Integration & Optimization

- REST API Consumption

- Performance Optimization

- Frontend Code Refactoring

Tools & Workflow

- Git & GitHub

- Debugging with Browser Developer Tools

- Code Reviews and Version Control

Collaboration

- Cross-Functional Teamwork

- Mentoring Junior Developers

- Clear Technical Communication

PROFESSIONAL EXPERIENCE

Genesys Tech Hub — Enugu
Frontend Web Developer Intern
October 2022 – July 2023

- Built and maintained responsive web applications using **HTML, CSS, JavaScript, and React**.

- Implemented reusable React components to improve code consistency and development efficiency.

- Integrated **RESTful APIs** on the frontend to display dynamic data and handle user interactions.

- Worked closely with designers to convert UI/UX designs into functional, accessible web interfaces.

- Improved browser compatibility and frontend performance through testing, debugging, and refactoring.

- Participated in code reviews and provided constructive feedback to improve overall code quality.

- Assisted in guiding junior developers and interns on frontend best practices and debugging approaches.

City View Restaurant — Abuja
Customer Service Associate
February 2022 – October 2022

- Developed strong communication, multitasking, and teamwork skills in a high-pressure environment.

- Applied problem-solving and customer-focused thinking—skills transferable to product-oriented development teams.

PROJECT EXPERIENCE

Frontend Web Applications (Professional, Personal & Collaborated Projects)

- Designed and built responsive user interfaces using **React**, focusing on usability and maintainability.

- Consumed external APIs to power dynamic, data-driven frontend features.

- Applied performance improvements such as reducing unnecessary re-renders and optimizing layout behavior.

- Ensured consistent behavior across devices and browsers through structured testing.

Collaborated Project:
